Inspired by Getz & Gilberto's 1963 album and the album's cover painting by Olga Albizu, Jum Jirapan is bringing you paintings with vibrant colors reflecting the birth era of Bossa Nova. With each painting named after a favorite song, Jum's paintings evoke the spirit of summer, jazz music, sidewalk cafés, and her zest for life. Indulge in a fine afternoon at the opening on June 2 which features a pop up café with live music by Cool Lane and live painting by Jum. Enjoy coffee from Lone Light Coffee and light refreshments by local chefs while lounging on fun furniture from Pigment. The event benefits Friends of Nelson.
